LOOKING FORWARD

Our plans, products and innovation
will change the face of insurance in Nigeria

Editor's Note

I have noticed that two things happen when a project kicks off. First is the rush of an artistic urge to make it better, finer, and more complete and the other, is the pressure to remain consistent, pulling the weight and doing all that needs to be done to ensure that the project is sustained.

I am happy to tell you that my team and I have given in to both. This August, we are presenting to you a more sophisticated version of our Simple Magazine.

One of the noticeable additions is the theme, for which we gladly chose Looking Forward, which in plain term means "to feel happy and excited about something".

This is exactly how we feel about the month of August and indeed, the rest of the year.

“Our mission hasn’t changed a bit, it’s to digitize the business of insurance, making it easier for everyone to understand and access and we remain committed to just that”

We have added a few more pages to include music, movies and other exciting lifestyle content we are sure you would enjoy. We have also added a few new products you would soon find out about.

One more thing I am glad to announce to you, is that our website is now fully optimised and customers can now buy our plans and make payment via the web and in just five minutes too. This is very important to us as it helps us deliver on our promise of Simple, Quick, Accessible and Reliable Insurance service to all customers.

Our mission hasn't changed. It is to make insurance accessible to everyone leveraging 21st century technology and relevant digital tools. We remain committed to just that.

MEAL OF THE DAY

CHICKEN COCONUT CURRY SAUCE

Prep Time: **15 mins** | Cook Time: **15 mins**

Ingredients:

400g dried penne pasta or any pasta
150ml double cream (or make your own sauce/cream)
½ tsp garlic powder
25g Parmesan (finely grated, plus extra to serve)
½ tsp salt
½ tsp black pepper
1 tbsp. parsley

Directions:

Fill pot with water, add salt and bring to boil.

Add the pasta and cook for 10–12 minutes, or until just tender and set aside to drain.

Making your own sauce: While pasta is cooking, melt 1½ tsp of butter in a medium saucepan, add garlic and cook for 1 minute over medium heat. Add 1½ tbsp. flour and cook for an additional minute, stirring constantly. Add 1½ cup of milk and broth, stirring constantly. Cook until sauce boils and thickens. Add parsley and parmesan cheese, salt and pepper. Stir until cheese has melted.

Using cream: While pasta is cooking, pour the double cream into a small saucepan, add the garlic and bring to a very gentle simmer, stirring constantly. Add around 100ml of the pasta cooking water and the grated Parmesan and stir until melted. Season with salt and pepper.

Mix in pasta and serve immediately. For that extra cheesy-ness, add ½-1 cup of your favorite shredded cheese (I use shredded Mozzarella or Cheddar).

Extra: Try adding meats such as grilled chicken, diced ham or shrimp to spruce up this delicious meal.

Use veggies of choice; asparagus, broccoli, bell peppers, sweet corn or mushrooms are excellent for creamy white pasta.

Before using leftover pasta, re-heat with ¼ cup of milk or water to make sauce thinner.
